### Decrease in medical fitness

- (a) Licence holders shall not exercise the privileges of their licence and related ratings or certificates at any time when they:
  - (1) are aware of any decrease in their medical fitness that might render them unable to safely exercise those privileges;
  - (2) take or use prescribed or non-prescribed medication that is likely to interfere with the safe exercise of the privileges of the applicable licence; or
  - (3) receive any medical, surgical or other treatment that is likely to interfere with flight safety
- (b) In addition, licence holders shall, without undue delay, seek CARC advice when they:
  - (1) have undergone a surgical operation or invasive procedure;
  - (2) have commenced the regular use of any medication;
  - (3) have suffered any significant personal injury .
  - (4) have been suffering from any significant illness.
  - (5) are pregnant;
  - (6) have been admitted to hospital or medical clinic; or
  - (7) first require correcting lenses.
